

Ryan McFarling – Press Kit

Long Bio

Born and raised in Sault Ste Marie, Ontario, Canada, Ryan McFarling has spent more than 25 years sharpening his skills as a mentalist, illusionist and trickster. His innovative style and engaging personality have allowed him to amaze audiences from coast to coast, and across North America. Ryan's interactive approach to magic allows unprecedented access into the mind of a magician and turns every performance into an event to be remembered.

Ryan's intimate parlour-style magic shows will leave you feeling bewildered and delightfully frustrated. Ryan has modeled some of his shows after those performed by the great Houdini; it can be close-up, relaxed, mind-blowing, in your face strolling magic, and never more than 10 feet away - or a Corporate Event in front of 200+ that will undoubtedly leave everyone wondering – What Just Happened! Ryan's world-class showmanship and casual performing style will draw you in and make you feel like you're chatting with a friend, while world-class illusions play out in front of your eyes.
